

List of Tables

Chapter 2

Table 2.1: Draft Programme Causeway Programme

Chapter 7

Table 7.1: Selected Monthly Mean and Annual Mean Meteorological Values (1951-1980) Norman Manley International Airport

Table 7.2: Wind Speed and Direction Data: Norman Manley Airport 1981 – 1990

Table 7.3: Rivers and Gullies that Discharge into the Area(Environmental Solutions Ltd., 2001)

Table 7.4: Astronomical tide data for Kingston Harbour (Environmental Solutions Ltd., 2001)

Table 7.5: Maximum water levels above MSL in Hunt's Bay (Environmental Solutions Ltd., 2001)

Table 7.6: Maximum flow velocity through Causeway Bridge (Environmental Solutions Ltd., 2001)

Table 7.7: Air Quality Data

Table 7.8: Noise Data

Table 7.9: Surface Water Quality Stations

Table 7.10: Water Quality Data for Portmore Causeway EIA

Table 7.11: Bird Species reported from the Kingston Harbour area by Douglas (2003)(*) and observed in field surveys

Table 7.12: Fisherfolk, Vendors and Families at the Causeway Fishing Beach (Source: Social Development Commission, 2000)

Chapter 9

Table 9.1: Impact Matrix

Table 9.2: Alignment – Potential Impacts and Mitigation Measures

Table 9.3: Natural Environment – Potential and Mitigation Measures

Table 9.4: Social Environment - Potential and Mitigation Measures

List of Figures

Chapter 1

- Figure 1.1 Proposed alignment for the Portmore Causeway and Bridge
Figure 1.2 Location of Water Quality Stations

Chapter 2

- Figure 2.1 Highway 2000 Portmore Causeway General Layout
Figure 2.2 Outline Design Drawings
Figure 2.3 Shoreline Protection Works

Chapter 7

- Figure 7.1 Map of Hunt's Bay and the Causeway
Figure 7.2 Wind Rose Data
Figure 7.3 Earthquake Map
Figure 7.4 KMA Seismic Hazard Assessment
Figure 7.5 Hurricane tracks across Jamaica
Figure 7.6 World Bank Guidelines for noise
Figure 7.7 Portmore residential area
Figure 7.8 Map showing JNHT listed sites

Chapter 8

- Figure 8.1 Causeway changes proposed by the Jamaica Institute of Engineers
Figure 8.2 Causeway Bridge design

Chapter 9

- Figure 9.1 Marcus Garvey Interchange
Figure 9.2 Illustration of Dispersion of Dust Emissions
Figure 9.3 Illustration of the Effect of Vegetative Barriers on Vehicle Emissions

List of Plates

Chapter 7

- Plate 1: Aerial View showing the plume form the Rio Cobre
- Plate 2: Lagoons at the Skeet club
- Plate 3: Lagoons at the Skeet Club
- Plate 4: Scrubland adjacent to the Dyke Road (north)
- Plate 5: Scrubland adjacent to the Dyke Road (south)
- Plate 6: Aerial view of Edgewater, Dawkins pond and mangrove fringe
- Plate 7: Mangroves
- Plate 8: Aerial view of the Causeway and adjacent mangrove lagoons in the vicinity of Fort Augusta
- Plate 9: Aerial view of Dawkins Pond
- Plate 10: Gates of Jam World entertainment Centre
- Plate 11: Aerial view of Newport West, PAJ's reclaimed land in the east of Hunt's Bay, the mouths of the Sandy Gully and the Rio Cobre.
- Plate 12: Portmore Mall and environs
- Plate 13: Site for more residential units

Chapter 9

- Plate 14: Existing approach for the Causeway Bridge
- Plate 15: View of the Causeway Bridge from Kingston Harbour showing 'hump'
- Plate 16: Aerial view of the Hill Run Quarry, St. Catherine

Chapter 10

- Plate 17: Intersection of railway line with Dyke Road

List of Appendices

Appendix I

Letter from NEPA re Terms of Reference for EIA

Appendix II

Notes from meeting with NSWMA re discussion on disposal of solid waste

Appendix III

Additional Drawings – Outline Design

Appendix IV

Letter re Closure of Dawkins Pond

Appendix V

Letter from NROOC re issues relevant to relocation of fisherfolk

Appendix VI

Plan of the Proposed Portmore Market

Appendix VII

Notes of meeting with Jamaica National Heritage Trust

Letter to Jamaica National Heritage Trust

Appendix VIII

Mitigation Measures Identified in the Strategic Environmental Assessment

Appendix IX

Letter from the Commissioner of Lands re Jam World Entertainment Centre

Appendix X

Presentations from Mr. Cowell Lyn
