

Jamaica – World Ozone Day 2021

The NOU was the focus in a *Careers in NEPA* feature video in collaboration with the Public Education and Corporate Communications Branch on 2 September 2021 in commemoration of World Ozone Day 2021. The NOU also participated in World Ozone Day radio interviews on Suncity FM and RJR FM on 16 and 17 September 2021 respectively. The commemoration was supported by information on the social media pages of the Agency, a social media competition and poster competition for individuals aged 15-19 consistent with the theme for World Ozone Day 2021, *Montreal Protocol, keeping us, our food and vaccines cool*.

Poster competition

As we aim to protect our planet for future generations from our ozone depleting and climate change activities, see below some entries from our poster competition entrants, aged 15-19 years:
