- (a) The Consultant/Firm has an obligation to disclose to the procuring entity any situation of actual or potential conflict that impacts its capacity to serve the best interest of the procuring entity. Failure to disclose such situations may lead to the disqualification of the Consultant/Firm or the termination of its contract. Without limitation on the generality of the foregoing, the Consultant/Firm shall not be hired under the circumstances set forth below. Consultant/Firms may be considered to have a conflict of interest with one or more Parties in this bidding process, if they:
  - (i) are or have been associated in the past, with a firm or any of its affiliates which have been engaged by the procuring entity to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of consulting services under these bidding documents; or

#### **4. Unfair Competitive Advantage**

- 4.1 Fairness and transparency in the selection process require that the Consultants/Firm or their affiliates competing for a specific assignment do not derive a competitive advantage. #### **5. Fraud, Corruption and Other Prohibited Practices**

- 6.2. A Consultant/Firm may be a firm that is a private entity or the combination of such entities in the form of a joint venture (JV) under an existing agreement or with the intent to enter into such an agreement supported by a letter of intent. In the case of a JV, all members shall be jointly and severally liable for the execution of the entire Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the bidding process and, in the event the JV is awarded the contract, during contract execution. Unless specified in the **Data Sheet**, there is no limit on the number of members in a JV.
- 6.3 A Consultant/Firm shall be deemed to have the nationality of a country if the Consultant/Firm is a citizen or is constituted, incorporated, or registered and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed Sub-consultants or suppliers for any part of the Contract including related consulting services.
- 6.4 A Consultant/Firm shall not have a conflict of interest as specified at ITC/F Clause 3.
- 6.5 An eligible Consultant/Firm (regardless of its country of registration) shall not

  - c) be insolvent or is the subject of winding-up proceedings;
  - d) in the case of the supplier that is a body corporate, any of its directors, general

managers, secretary or any other similar officer, has been convicted of an offence involving dishonesty, or have been the subject of legal or disciplinary proceedings for any breach of duty or professional misconduct, within five years immediately preceding the commencement of the procurement proceedings;

  - f) have its affairs being managed or administered by a court;
  - g) in the opinion of the procuring entity, be a person -
    - (i) who is not of sound probity; or
    - (ii) who is unable to exercise competence, diligence and sound judgment in fulfilling the supplier's responsibilities in relation to a public procurement.
- 6.6 A Consultant/Firm may not be a Government owned entity. However, as an exception when the consulting services of government-owned universities or research centers in Jamaica are of a unique and exceptional nature and their participation is critical to project implementation, the procuring entity may agree on the contracting of those institutions on a case-by-case basis. Any such agreement must be in writing and not breach ITC/F Clause 4. On the same basis, university professors or scientists from research institutes may be contracted individually.
- 6.7 The Consultant/Firm may not propose agency or current employees of the procuring entity. Recruiting former government employees of the procuring entity to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists. When the Consultant/Firm nominates any government employee as Experts in their technical Proposal, such Experts must have written certification from the Government confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the procuring entity by the Consultant as part of their technical Proposal.
- 6.8 Consultants/Firms shall not submit more than one Proposal in this bidding process.
- 6.9 A Consultant/Firm that is ineligible in accordance with ITC/F Clause 5, at the date of contract award, shall be disqualified.
- 6.10 In accordance with the regulations, the Consultant/Firm and any named Subcontractors shall have to demonstrate that they have paid all taxes, duties, fees and other impositions as may be levied in Jamaica as part of their proposal. Proof of tax compliance is a copy of the Tax Compliance letter (TCL), if current/not expired.
- 6.11 Consultants/Firms must be registered with the Public Procurement Commission (Commission) (<http://www.ocg.gov.jm>) as an approved unregistered supplier.
- 6.12 This invitation is only open to Consultants/Firms who have been shortlisted by the procuring entity.
- 6.13 An eligible Consultant/Firm has the right to a reconsideration or review of an action or decision of the procuring entity in accordance with the reconsideration and review procedures described in the Public Procurement Manual.

## **B. Preparation of Proposals**

### **7 General Considerations**

- 7.1 The Consultant/Firm is expected to examine all instructions, forms, terms, and specifications in the bidding documents. Failure to furnish all mandatory information or documentation required by the bidding documents shall result in the rejection of the Proposal.

### **8 Cost of Preparation of Proposal**

- 8.1 The Consultant/Firm shall bear all costs associated with the preparation and submission of its Proposal, and the procuring entity shall not be responsible or liable for those costs.
- 8.2 The procuring entity shall incur no liability by virtue of it exercising its power to cancel a procurement in accordance with Sections 41 and 44 of the Act.
- 8.3 Notwithstanding ITC/F Sub-Clauses 8.1 and 8.2, should the Procurement Review Board, following an application for reconsideration decide that the actions of the procuring entity were not in compliance with the provisions of the Act or the regulations, the Procurement Review Board may require the payment of compensation for any reasonable costs incurred by the Consultant/Firm. Any payment shall be limited to the costs of the preparation of the Proposal or the costs relating to the application, or both.

### **9 Language**

- 9.1 The Proposal, as well as all correspondences and documents relating to the Proposal exchanged by the Consultant/Firm and the procuring entity, shall be written in the English language. Supporting documents and printed literature that are part of the Proposal may be in another language provided they are accompanied by an accurate translation of the relevant passages into the English language, in which case, for purposes of interpretation of the Proposal, such translation shall govern.

### **10 Documents Comprising the Proposal**

- 10.1 The Proposal shall comprise the documents and forms listed in the **Data Sheet**.
- 10.2 In addition to the requirements under ITC/F 10.1, Proposals submitted by a JV shall include a copy of the JV Agreement entered into by all partners. Alternatively, a Letter of Intent to execute a JV Agreement in the event of a successful Proposal shall be signed by all partners and submitted with the Proposal, together with a copy of the proposed agreement.

### **11 Only one Proposal**

- 11.1 The Consultant/Firm (including the individual members of any JV) shall submit only one Proposal, either in its own name or as part of a JV in another Proposal. If a Consultant/Firm, including any JV member, submits or participates in more than one Proposal, all such Proposals shall be disqualified and rejected.
- 11.2 This does not, however, preclude a Sub-consultant, or the Consultant/Firm's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.

### **12 Proposal Validity**

- 12.3 Proposals shall remain valid for the period **specified in the Data Sheet** after the Proposal submission deadline date prescribed by the procuring entity. A Proposal valid for a shorter period shall be rejected by the procuring entity as non-responsive. During this period, the Consultant/Firm, shall maintain its original Proposal without

any change, including the availability of the Key Experts, the proposed rates and the total price.

- 12.4 If it is established that any Key Expert nominated in the Consultant/Firm's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC/F.

**a. Extension of Validity Period**

- 12.5 The procuring entity will make its best effort to complete the negotiations within the Proposal's validity period. However, should the need arise, the procuring entity may request, in writing, all Consultant/Firms who submitted Proposals prior to the submission deadline to extend the Proposals' validity.
- 12.6 If the Consultant/Firm agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts.
- 12.7 The Consultant/Firm has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.

**b. Substitution of Key Experts**

- 12.8 If any of the Key Experts become unavailable for the extended validity period, the Consultant/Firm shall provide a written adequate justification and evidence satisfactory to the procuring entity together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.
- 12.9 If the Consultant/Firm fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the procuring entity, such Proposal will be rejected.

**c. Sub-Contracting**

- 12.10 The Consultant/Firm shall not subcontract the whole of the consulting services.

**13 Clarification and Amendment of RFP**

- 13.1 A prospective Consultant/Firm requiring any clarification of the bidding documents shall contact the procuring entity in writing at the procuring entity's address **specified in the Data Sheet**. The procuring entity will respond in writing to any request for clarification, provided that such request is received prior to the period stated in the **Data Sheet**. In the case of electronic bidding clarifications should be submitted through the GOJEP System. The procuring entity shall forward copies of its response to all those who have acquired the bidding documents directly from it, including a description of the inquiry but without identifying its source.
- 13.2 Should the procuring entity deem it necessary to amend the bidding documents as a result of a clarification or the pre-Proposal meeting, it shall do so following the procedure under ITC/F Sub-Clauses 13.3 to 13.5.
- 13.3 At any time prior to the deadline for submission of consulting services, the procuring entity may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Consultant/Firm, amend the bidding documents. Later amendments on the same subject modify or replace earlier ones.

- 13.4 Amendments will be provided in the form of Addenda to the bidding documents, which will be sent in writing to all prospective Consultants/Firm that received the bidding documents from the procuring entity. Addenda will be binding on Consultant/Firms. Consultants/Firms are required to immediately acknowledge receipt of any such Addenda. It will be assumed that the amendments contained in such Addenda will have been taken into account by the Consultant/Firm in its Proposal. In the case of electronic bidding any amendments to the bidding documents will be issued through the GOJEP System.
- 13.5 In order to afford prospective Consultants/Firms reasonable time in which to take the amendment into account in preparing their consulting services, the procuring entity may, at its discretion, extend the deadline for the submission of consulting services, in which case, the procuring entity will notify all Consultants/Firms in writing of the extended deadline for the submission of consulting services, pursuant to ITC/F Clause 17.
- 13.6 If the clarification results in the RFP being materially inaccurate the procuring entity shall withdraw and reissue the RFP. Consultants/Firms who obtained these original documents will be permitted to participate without penalty.

#### 14 Preparation of Proposals - Specific Considerations

- 14.1 While preparing the Proposal, the Consultant/Firm must give particular attention to the following:
  - 14.1.1. If a shortlisted Consultant/Firm considers that it may enhance its expertise for the assignment by associating with other Consultant/Firms in the form of a JV or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant/Firm(s), or (b) shortlisted Consultants/Firm if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant/Firm must obtain the written approval of the procuring entity prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant/Firm shall be a lead member. If shortlisted Consultant/Firms associate with each other, any of them can be a lead member
  - 14.1.2. The procuring entity may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the procuring entity's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant/Firm's own estimates for the same.
  - 14.1.3. If stated in the **Data Sheet**, the Consultant/Firm shall include in its Proposal at least the same time input (in the same unit as indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of Proposals and decision for award in accordance with the procedure in the **Data Sheet**.
  - 14.1.4. For assignments with a fixed budget, the estimated Key Experts' time input is not disclosed. Total available budget, exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.

#### 15 Technical Proposal Format and Content

- 15.1 The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

- 16.1 The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.

- 16.5 The Consultant/Firm may express the Proposal price for expenditure outside of Jamaica in any currency. If the Consultant/Firm wishes to be paid in a combination of amounts in different currencies, it may quote its price accordingly but shall use no more than three freely convertible international currencies in addition to Jamaican Dollars.

## **C. Submission, Opening and Evaluation**

## **17 Submission, Sealing, and Marking of Proposals**

- 17.3 The Consultant/Firm shall prepare one original of the documents comprising the Proposal as described in ITC/F Clause 10 and clearly mark it "ORIGINAL". For hard copy Proposals, the Consultant shall submit copies of the Proposal, in the number specified in the Data Sheet and clearly mark them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.
- 17.4 The original and all copies of the Proposal shall be typed, digitally entered or written in permanent ink and shall be signed and stamped by a person duly authorized to sign on behalf of the Consultant/Firm. All pages must also be initialed by the authorized person. This authorization shall consist of a power of attorney and shall be attached to the Proposal.
- 17.5 A Proposal submitted by a JV shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative.
- 17.6 Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal.
- 17.7 Proposals shall be submitted by hand in hard copy or electronically as specified in the Data Sheet.

(a) Consultants/Firms submitting consulting services by mail or by hand shall enclose the original and each copy of the Proposal, including alternative consulting services, if permitted, in accordance with ITC Clause 14, in separate sealed envelopes, duly marking the envelopes as “**ORIGINAL**” and “**COPY.**” These envelopes containing the original and the copies shall then be enclosed in one single envelope. The rest of the procedure shall be in accordance with ITC Sub-Clauses 17.6 to 17.9.

(b) Consultants/Firms submitting consulting services electronically shall follow the e-GP procedures as described in the GOJEP Quick Guide for Suppliers.

- 17.8 For hard copy consulting services, the original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked “Technical Proposal”, “[Name of the Assignment]”, reference number, name and address of the Consultant, and with a warning “Do Not Open until [insert the date and the time of the Technical Proposal submission deadline].”
- 17.9 Similarly, the original Financial Proposal shall be placed inside of a sealed envelope clearly marked “Financial Proposal” followed by the name of the assignment, reference number, name and address of the Consultant/Firm, and with a warning “Do Not Open with The Technical Proposal.”
- 17.10 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, reference number, the name of the assignment, Consultant’s name and the address, and shall be clearly marked “Do Not Open Before [insert the time and date of the submission deadline indicated in the Data Sheet]”.
- 17.11 If all envelopes are not sealed and marked as required, the procuring entity will assume no responsibility for the misplacement or premature opening of the Proposal.

## 18 Confidentiality

- 18.1 Information relating to the examination, evaluation, comparison, and post-qualification of Proposals, and recommendation of contract award, shall not be disclosed to Consultants/Firms or any other persons not officially concerned with such process until publication of the Contract Award.
- 18.2 Any effort by a Consultant/Firm or any person to influence the procuring entity in the examination, evaluation, comparison, and post-qualification of the consulting services or contract award decisions, pursuant to Section 56 of the Act, shall result in the rejection of its Proposal.
- 18.3 Notwithstanding ITC Sub-Clause 18.2, from the time of Proposal opening to the time of Contract Award, if any Consultant/Firm wishes to contact the procuring entity on any matter related to the bidding process, it should do so in writing.

## 19 Opening of Technical Proposals

- 19.1 For hard copy consulting services, the procuring entity shall conduct the Proposal opening in public at the address, date and time **specified in the Data Sheet** and in accordance with ITC Sub-Clauses 19.2 to 19.6. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC.
- 19.2 For electronic bidding the GOJEP System shall prepare a Proposal opening report that shall include, as a minimum: (i) the name and the country of the Consultant/Firm or, in case of a JV, the name of the JV, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to Proposal submission deadline; and (iv) any other information

deemed appropriate or as indicated in the Data Sheet. A copy of the report will be distributed to all Consultants/Firms who submitted a Proposal.

- 19.3 Envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding Proposal shall not be opened, but returned to the Consultant/Firm. If the withdrawal envelope does not contain a copy of the “power of attorney” confirming the signature as a person duly authorized to sign on behalf of the Consultant/Firm, the corresponding Proposal will be opened. No Proposal withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Proposal opening.
- 19.4 Envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Proposal. No Proposal modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Proposal opening. Only envelopes that are opened and read out at Proposal opening shall be considered further.
- 19.5 All other envelopes shall be opened one at a time, reading out: (i) the name and the country of the Consultant/Firm or, in case of a JV, the name of the JV, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to Proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the Data Sheet.

- 19.7 The Consultant/Firms’ representatives who are present shall be requested to sign the attendance sheet.
- 19.8 A copy of the record shall be distributed to all Consultants/Firms who submitted consulting services in time and posted online when electronic bidding is permitted.

## 20 Late bids

- 20.3 The procuring entity shall not consider any Proposal that arrives after the deadline for submission of Proposals, in accordance with ITC/F Clause 19. All late Proposals shall be declared late and rejected. The Consultants/Firm will be notified and must collect their Proposal within 30 days. If the Proposal is not collected within this period it shall be destroyed.

In the case of electronic bidding, consultants/firm’s quotation will be automatically rejected by the GOJEP system.

- 20.4 **Bidders are therefore urged to commence bid upload at least four (4) hours prior to the submission time. The Procuring Entity will not be held liable for bids not submitted on time due to late commencement of bid upload. At the FIRST SIGN of any technical difficulties, bidders must make contact with the Office Of Public Procurement Policy:(876) 932-5220,932-5253,932-5246**

## 21 Proposals Evaluation

21.1 Subject to provision of Clause 15.1 of the ITC/F, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

- 21.2 The Consultant/Firm is not permitted to alter or modify its Proposal in any way after the Proposal submission deadline except as permitted under Clause 12.6 of this ITC/F. While evaluating the Proposals, the procuring entity will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.

## **22 Evaluation of Technical Proposals**

22.1 The procuring entity shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.

## **23 Public Opening of Financial Proposals**

- 23.1 After the technical evaluation is completed, the procuring entity shall notify those Consultants/Firms whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant/Firm's overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and contract signing. The procuring entity shall simultaneously notify in writing those Consultants/Firm that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants/Firm sufficient time to make arrangements for attending the opening. The Consultant/Firm's attendance at the opening of the Financial Proposals is optional and is at the Consultant/Firm's choice.
- 23.2 The Financial Proposals shall be opened by the procuring entity in the presence of the representatives of those Consultant/Firms whose Proposals have passed the minimum technical score. At the opening, the names of the Consultant/Firms, and the overall technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultant/Firms who submitted Proposals.

## **24 Correction of Errors**

- 24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.

### **a. Time-Based Contracts**

- 24.1.1. If a Time-Based contract form is included in the RFP, the procuring entity will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the procuring entity shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.

### **b. Lump Sum Contracts**

- 24.1.2. If a Lump-Sum contract form is included in the RFP, the Consultant/Firm is deemed to have included all prices in the Financial Proposal, so neither

arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause ITC/F 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.

## **25 Taxes**

- 25.1 The procuring entity's evaluation of the Consultant/Firm's Financial Proposal shall exclude taxes and duties in Jamaica in accordance with the instructions in the **Data Sheet**.

## **26 Conversion to a Single Currency**

- 26.1 For evaluation and comparison purposes, the procuring entity shall convert all Proposal prices expressed in amounts in various currencies into an amount in a single freely convertible currency **specified in the Data Sheet**, using the selling exchange rates established by the source and on the date **specified in the Data Sheet**.

## **27 Combined Quality and cost Evaluation**

- 27.1 The total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant/Firm achieving the highest combined technical and financial score will be invited for negotiations.

## **D. Negotiations and Award**

## **28 Negotiations**

- 28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant/Firm's representative(s) who must have written power of attorney to negotiate and sign a contract on behalf of the Consultant/Firm.
- 28.2 The procuring entity shall prepare minutes of negotiations that are signed by the procuring entity and the Consultant/Firm's authorized representative.

### **a. Availability of Key Experts**

- 28.3 The invited Consultant/Firm shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12b of the ITC/F. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant/Firm's Proposal and the procuring entity proceeding to negotiate the contract with the next-ranked Consultant/Firm.
- 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant/Firm, including but not limited to death or medical incapacity. In such case, the Consultant/Firm shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the contract, who shall have equivalent or better qualifications and experience than the original candidate.

### **b. Technical negotiations**

- 28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the procuring entity's inputs, the special conditions of the contract, and finalizing the "Description of Consulting Services" part of the contract. These discussions shall not substantially alter the original scope of consulting services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.

### **c. Financial negotiations**

- 28.6 The negotiations include the clarification of the Consultant/Firm's tax liability in Jamaica and how it should be reflected in the contract.
- 28.7 If the technique included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.
- 28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by Consultants in similar contracts. In such case, the procuring entity may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the procuring entity

## **29 Conclusion of Negotiations**

- 29.1 The negotiations are concluded with a review of the finalized draft contract, which then shall be initialed by the procuring entity and the Consultant/Firm's authorized representative.
- 29.2 If the negotiations fail, the procuring entity shall inform the Consultant/Firm in writing of all pending issues and disagreements and provide a final opportunity to the Consultant/Firm to respond. If disagreement persists, the procuring entity shall terminate the negotiations informing the Consultant/Firm of the reasons for doing so. The procuring entity will invite the next-ranked Consultant/Firm to negotiate a contract. Once the procuring entity commences negotiations with the next-ranked Consultant, earlier negotiations cannot be reopened.

## **30 Award of Contract**

- 30.1 On conclusion of the negotiations and prior to the expiration of the period of Proposal validity, the procuring entity shall notify all Consultants/Firms, in writing, of the determination of the successful Proposal including all the information required by Section 44(2) of the Public Procurement Act.
- 30.2 The date of the notification under ITC/F Sub-Clause 30.1 establishes the commencement of the standstill period specified in the Data Sheet. During this time Consultant/Firms may query, apply for reconsideration or otherwise challenge the decision of the procuring entity. This may include a request for debriefing seeking explanations for the grounds on which their consulting services were not selected.
- 30.3 On the expiry of the standstill period the procuring entity shall send the successful Consultant/Firm the initialed draft contract.
- 30.4 The successful Consultant/Firm shall return the signed contract within 28 days from the date of the Letter of Acceptance and shall sign, date, and return to the procuring entity the signed Contract Agreement.
- 30.5 On receipt of the signed Contract Agreement the procuring entity will immediately notify in writing all unsuccessful Consultant/Firms, of the final results of the bidding process.
- 30.6 Following signature of the Contract Agreement, the procuring entity shall publish, in the manner prescribed by the Office, the results, identifying the name of the Consultant/Firm, the contract price and the contract number.
- 30.7 The Consultant/Firm is expected to commence the assignment on the date and at the location specified in the Data Sheet.

## Appendix A. Financial Negotiations - Breakdown of Remuneration Rates

---

### 1. Review of Remuneration Rates

- 1.1. The remuneration rates are made up of salary or a base fee, social costs, overheads, profit, and any premium or allowance that may be paid for assignments away from headquarters or a home office. An attached Sample Form can be used to provide a breakdown of rates.
- 1.2. If the RFP requests submission of a technical Proposal only, the Sample Form is used by the selected Consultant to prepare for the negotiations of the contract. If the RFP requests submission of the financial Proposal, the Sample Form shall be completed and attached to the Financial Form-3. Agreed (at the negotiations) breakdown sheets shall form part of the negotiated contract and included in its Appendix D or C.
- 1.3. At the negotiations the firm shall be prepared to disclose its audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. The procuring entity is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds.

#### 1.4. Rate details are discussed below:

- (i) Salary is the gross regular cash salary or fee paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).
- (ii) Bonuses are normally paid out of profits. To avoid double counting, any bonuses shall not normally be included in the "Salary" and should be shown separately. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.
- (iii) Social Charges are the costs of non-monetary benefits and may include, inter alia, social security (including pension, medical, and life insurance costs) and the cost of a paid sick and/or annual leave. In this regard, a paid leave during public holidays or an annual leave taken during an assignment if no Expert's replacement has been provided is not considered social charges.
- (iv) Cost of Leave. The principles of calculating the cost of total days leave per annum as a percentage of basic salary is normally calculated as follows:

$$\text{Leave cost as percentage of salary} = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

Please note that leave can be considered as a social cost only if the procuring entity is not charged for the leave taken.

- (v) Overheads are the Consultant's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the contract. Typical items are home office costs (non-billable time, time of senior Consultant's staff monitoring the project, rent of headquarters' office, support staff, research, staff training, marketing, etc.), the cost of Consultant's personnel not currently employed on revenue-

earning projects, taxes on business activities, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The procuring entity does not accept an add-on margin for social charges, overhead expenses, etc. for Experts who are not permanent employees of the Consultant. In such case, the Consultant shall be entitled only to administrative costs and a fee on the monthly payments charged for sub-contracted Experts.

- (vi) Profit is normally based on the sum of the Salary, Social costs, and Overheads. If any bonuses paid on a regular basis are listed, a corresponding reduction shall be made in the profit amount. Profit shall not be allowed on travel or any other reimbursable expenses.
- (vii) Away from Home Office Allowance or Premium or Subsistence Allowances. Some Consultants pay allowances to Experts working away from headquarters or outside of the home office. Such allowances are calculated as a percentage of salary (or a fee) and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

- (c) the away- from- home office allowances indicated below are those that the Consultant/Firm has agreed to pay for this assignment to the Experts listed;

## **TERMS OF REFERENCE**

### **1. FOR**

## **2. KNOWLEDGE, ATTITUDES, PRACTICES & BEHAVIOURS SURVEY CONSULTANCY**

### **1.0 BACKGROUND**

#### Regional Context

- 1.1 The Integrating Water, Land and Ecosystems Management in Caribbean Small Island Developing States (IWEco Project) is financed by the Global Environment Facility. IWEco is a five-year project with four components; (1) development and implementation of integrated targeted innovative, climate-change resilient approaches in sustainable land management (SLM), integrated water resources management (IWRM) and maintenance of ecosystem services; (2) strengthening of the SLM, IWRM and ecosystems monitoring, and indicators framework; (3) strengthening of the Policy, legislative and institutional reforms and capacity building for SLM, IWRM and ecosystem services management taking into consideration climate change resilience building and (4) Enhancing knowledge exchange, best practices, replication and stakeholder involvement.
- 1.2 The United Nations Environment Programme Caribbean Regional Coordinating Unit (UNEP CAR/RCU) is the lead implementing agency with the United Nations Development Programme (UNDP) a part of the implementation for some activities under the knowledge management and community-based livelihoods support opportunities through the GEF-Small Grants Programme. The project will be implemented in 10 Caribbean countries including Jamaica. UNEP CAR/RCU in partnership with the Caribbean Public Health Agency (CARPHA) serve as co-executing agencies
- 1.3 The project cooperative agreement between Jamaica and the UN environment was signed on July 12, 2018, (the Non-reimbursable Financing Agreement UNEP/PCA/ECOSYSTEMS/2018/MCEB-CEP/003) in their capacity as the Administrator of the Global Environment Facility Fund (GEF) grants for the national subproject titled “Biodiversity Mainstreaming in Coastal Landscapes within the Negril Environmental Protection Area of Jamaica”.

#### **NATIONAL SUB-PROJECT**

##### Project Site and Importance

- 1.4 The Negril Environmental Protection Area (EPA) with specific focus on the Negril Great Morass is the location for the project. The Negril EPA was declared a protected area in 1997 and is one of the largest natural coastland ecosystems in the Caribbean region and is the second largest coastal wetland in Jamaica. It is located at the western end of Jamaica and encompasses 406.7km<sup>2</sup> of coastal and marine ecosystems and contains six percent (6%) of Jamaica 1,022km of coastal wetland.

- 1.5 The Great Morass contains globally significant biodiversity and is under severe pressure from activities that are overexploiting the ecosystem services it provides. It is a peat-accumulating wetland which includes the major habitats of open water, mud flats, mangroves, terrestrial forest and swamp. Species found in the project site includes Sawgrass (*Caladium jamaicensis*), Swamp Cabbage Palm or Royal Palm (*Roystonea princeps*), groves of Bull Thatch (*Sabal jamaicense*), the rare, endangered and Caribbean endemic West Indian Whistling Duck (*Dendrocygna arborea*), Rails (Rallidae), Grebe (*Podicipediformes* sp.), Coots (*Fulica* sp.), Moore Hen (*Gullinula* sp.), and Egrets and Herons (Andeidae). The Palm forest in the morass also provides a habitat for many doves, hummingbirds and Jamaican Woodpeckers (*Melanerpus radiolatus*). The Negril Royal Palm Reserve, has the largest stand of the endemic Royal Palm in Jamaica.
- 1.6 Threats identified that impact the morass includes human-induced drainage of its wetlands, coastal development, unsustainable agricultural practices, invasive alien species, and the proliferation of informal settlements. These threats inclusive of the felling of trees has resulted in the reduction in aerial extent of the Royal Palm forest. Invasive alien species is also a threat to the morass with the species *Alpinia allughas* (wild ginger) and is suppressing regeneration of the natural pre-existing vegetation. One of the other threats to the Morass is the brush fires which also threaten the tourism industry and human health.
- 1.7 The two main economic sectors are in the EPA, tourism and agriculture and they are highly reliant on the natural ecosystems and their biodiversity. Jamaica has made, and continues to make, significant investments in biodiversity conservation. There is now an opportunity mainstreaming environmental concerns and biodiversity conservation into the daily operations of biodiversity-dependent production sectors in the Negril. Biodiversity mainstreaming objectives are increasingly reflected in government policies, frameworks and strategies, with some progress made in implementation. However, the mainstreaming of biodiversity conservation into land use planning remains unaddressed. The Negril Environmental Protection Plan, though outdated, was developed to guide environmental and biodiversity considerations in the EPA. The Negril and Green Island Area Confirmed Development Order (2015) was instituted to guide development in the EPA. However, neither comprehensively addresses biodiversity conservation related to development activities.

#### Project Objectives and Components

- 1.8 The objective of the project is to promote conservation of internationally significant wetland biodiversity through the restoration of wetland ecosystem services and sustainable use of wetland biological resources. The three fold overall goal of the project is to (1) restore historical hydrological and other physical processes, (2) enhance and re-establish native vegetation communities to provide habitat to wetland fauna, (3) eliminate conflicts that degrade ecosystem functions and (4) implement institutional arrangements to ensure the long-term sustainability of wetland biological resources.

- 1.9 There eighteen expected outputs and twenty outcomes for the four components (1) Integrated approaches to land management, land use, pollution management and management of the hydrodynamics of the Negril Environmental Protection; (2) Improvement of water, land, ecosystems and biodiversity resources of the Negril Morass, taking into account climate change, sensitive ecosystems and ecosystem services; (3) Strengthening of policies and legal and institutional frameworks and Capacity building for sustainable land management, integrated management of water resources and the management of ecosystem services, taking into account climate change; (4) Communication, awareness, policy dialogue, sustainability and lesson learnt (5) Project administration, monitoring and evaluation and audit. There are also nine sub-components.

#### Partnership for Project Implementation

- 1.10 The NEPA will responsible for the overall coordination and management of the Project. There are a number of public and private sector partners that are important to the implementation of the project along with the community stakeholders.
- 1.11 The success of this project hinges on its ability to implement the planned environmental interventions coupled with the ability to bring about positive social changes in stakeholders' behavior towards the environment and the long term adoption of best practices for environmental stewardship. Carefully crafted communication strategy and public awareness campaigns will be utilized to increase public awareness and support the implementation of the overall programme particularly the rehydration of the Negril Great Morass.

## PART II

### Section 6. Conditions of Contract

#### Foreword

1. Part II includes two types of standard contract forms for consulting services (a Time-Based Contract and a Lump-Sum Contract).
2. **Time-Based Contract.** This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the consulting services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the Consultant/Firms required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant/Firm provides consulting services on a timed basis according to quality specifications, and Consultant/Firm's remuneration is determined on the basis of the time actually spent by the Consultant/Firm in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant's experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the procuring entity to closely supervise the Consultant/Firm and to be involved in the daily execution of the assignment.
3. **Lump-Sum Contract.** This type of contract is used mainly for assignments in which the scope and the duration of the consulting services and the required output of the Consultant/Firm are clearly defined. Payments are linked to outputs (deliverables) such as reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed

price for a fixed scope, and payments are due on clearly specified outputs and milestones. Nevertheless, quality control of the Consultant/Firm's outputs by the procuring entity is paramount.

# **STANDARD FORM OF CONTRACT**

## **CONSULTANT'S SERVICES: LUMP-SUM**

### **Preface**
