At the Meetings of the Authorities held on 15 November 2022 via Zoom/face to face, the following decisions were taken on the applications submitted: -

Item #	Description	SML	EPB	Decision
1	<p><b>Application Number: 2022-07007-PB00133</b></p> <p>Planning permission for the construction and operation of a petroleum storage and dispensing facility Part of Pondsides, Salt Marsh, Trelawny by New Champion Petroleum Company Ltd. &amp; Redoubt Limited c/o Jiabin.</p> <p>Zoom Meeting of 15 November 2022</p> <p>Signed.....</p>			<p>Planning Permission refused for the following reasons:</p> <p>1. The proposed use contravenes the zoning (Residential &amp; Conservation) in the Town and Country Planning (Trelawny Parish) Confirmed Development Order 2015 and would be considered an undesirable intrusion in a predominantly residential and ecologically sensitive area.</p> <p>2. The site has existing established mangroves. Development will likely result in possible loss of ecosystem services and possible flooding. Sections of the site are susceptible to inundation from</p>

			<p>the adjacent pond. Further modification of the site may exacerbate surface runoff on this site and adjacent properties.</p> <p>3. The proposed site is in proximity to an established Mangrove restoration site. Modification of the proposed site to facilitate the construction and operation of a Petrol Filling Station may compromise the hydrology of the larger mangrove forest, which may jeopardise the management goals for the Salt Marsh conservation area.</p> <p>4. Development contravenes Policies SP C2, SP C3, SP C26, SP C36, SP C50, SP C51 and UC20 in the Town and Country Planning (Trelawny Parish) Confirmed Development Order 2015.</p> <p>5. Development does not meet the setbacks from residential and institutional uses as stipulated within the Town and Country Planning (Trelawny Parish) Confirmed Development Order 2015 and the Draft Revised Policy Guidelines</p>
